

It's Your Lucky Day with the Libby App!

Skip the waitlist for new, in-demand titles through the Libby app from OverDrive! Libby now offers select eBook and audiobook titles on a first-come, first-served basis. Browse the app's 'Lucky Day' section for available books. The selection will change as titles are returned and new books are added, so check back often!

In addition to 'Lucky Day' titles, readers can browse the 'Always Available' list in Libby to find all immediately available eBooks and audiobooks. Libby also offers current issues of popular magazines like Newsweek and TV Guide.

If you're new to Libby, you can download it from the app store, create an account using your Library card number and password, then start browsing! The Libby app is available for Apple and Android devices. eBooks can also be read on Kindle devices.

eBooks are returned automatically with no overdue fines. Titles check out for 7 or 14 days, you choose. [Read more about Libby and OverDrive.](#)
