
[Tween Space Mural Contest](#)

Have you heard of our Tween Space? [The Tween Space at the Downtown Library](#) is a place where kids ages 7–12 can hang out, explore crafts and other activities, enjoy pop-up programs, work on homework, or play!

Later this summer, a local artist will be revamping the Tween Space walls with a cosmic mural. We're calling on kids ages 7–12 to help with the design! Draw the dots of your own imaginary stars (no more than 10), the lines between them, and an outline of the figure or object the group of stars represents. Your constellation might be selected to be included in the new Tween Space mural!

A constellation is a grouping of stars that forms the base of a recognizable shape, usually an animal, mythological character, or object. Well-known constellations include the Big Dipper, Orion the Hunter, and the constellations of the Zodiac.

From June 1–30, you can [find and print the submission form here](#), or pick one up in the Tween Space. Completed forms can be dropped off at the children's information desk at the Downtown Library by July 1. For questions or more information, contact Kate Duneman at [kduneman \[at\] mcpl.info](mailto:kduneman@mcpl.info).
