Dino Duckling by Alison Murray

Even as an egg, Dino Duckling is different from all the other baby ducks. And when he's born, no one seems to notice that he's *actually* a dinosaur! Mama Duck knows that there is plenty of room for difference in a loving family, but there's one big problem: How will Dino Duckling fly south for the winter without any wings? Can Dino Duckling ever truly belong? Alison Murray's heartwarming reinvention of the beloved *The Ugly Duckling* is perfect for anyone who has ever wondered how to fit in.
