Constellation Stage & Screen produces world-class theater and film that impacts the national performing arts industry through new work development. Constellation's productions, community events, and education programs serve as a leading contributor to the cultural and economic vibrancy of Bloomington, Indiana.

Established in 2022 as a result of a three way merger between the Bloomington Playwright's Project, Cardinal Stage, and Pigasus Institute, Constellation produces a professional theatrical season featuring an exciting mix of original plays and musicals, established works, family and holiday classics, and theater for young audiences shows. Throughout the year, Constellation seeks to develop and produce multiple film projects and over time will create a new work development pipeline where projects can progress from page, to stage, to screen!

Constellation aims to have a deep and lasting impact on our community and region through its IU Credit Union Education and Outreach Initiative. Constellation's educational offerings seek to nurture a love of the performing arts in students of all ages in South Central Indiana by offering classes and experiential learning for everyone, from the youngest beginner to the adult professional.
