Address

Bloomington, IN

Description

HOPE is designed to alleviate the cycle of recidivism by reducing the challenges ex-offenders face. The purpose of HOPE is to apply evidence based practices to provide services and supports that empower ex-offenders to identify and initiate a career path, achieve a recognized certificate or degree, and secure and retain employment in their chosen occupations. Through mentoring and peer support groups, participants will build a social network to help them navigate the complex challenges of returning to their communities, including reuniting with family and obtaining stable housing, physical/mental healthcare, substance abuse treatment etc... Project staff will provide wrap around services to help participants overcome barriers to completing training and securing employment.
