Address

730 S Christopher Drive
Bloomington, IN 47401

Description

Inspired by the recently formed 100+ Women Who Care of Bloomington, a group of local men have joined forces recently to form "50+ Men Who Care".

Similar to the women, our mission is simple: Bring together 50+ men in the Monroe County area who care about local community causes and are committed to community service.

Four times a year, we will meet for an hour and jointly vote for a local charity or not-for-profit organization (three will be nominated ahead of time). Each man agrees write a \$125 check to the selected organization and watches how the group's commitment turns into a

\$5,000 or more donation.

We plan to do this four times a year and witness how this monetary contribution can improve the lives of our neighbors when placed in the hands of deserving grassroots agencies working to serve the local community.

Bloomington , IN 47404

Description

Javascript is required to view this map.

Philanthropy for America (PFA) is a visionary 501(c)(3) nonprofit organization that exists to enlist, equip and empower the next generation of Millennial leaders across Indiana and the United States through training, coaching, experiential learning and public service so that they would be empowered to impact their societies.

Founded in 2016 by American Educator Roy Y. Chan, our mission is to develop, instill and cultivate a philanthropic culture among the Millennial generation by enlisting talented and passionate college graduates and

young professionals to work for two years as PFA Fellows at a non-governmental, non-profit organization- PFA Partnered Organization-in the United States and to strengthen the movement for employment equity and income equality. In return the PFA Partnered Organization receives 15 percent of the PFA Fellow's monthly salary used to support the company's mission and/or charitable giving activities in the organization.

Philanthropy for America (PFA) aspires to help employers and consumers recruit, train and hire Millennials (age 18-34) in the 21st century by developing a platform for companies to hire recent college graduates and young adults toward a career in business, education, development, management, social work, technology, among others. We seek to be a leading source of young philanthropists, social entrepreneurs and humanitarians who compensate their time and wealth that best serves local, national and/or international communities.
