[About eLibrary Access for Schools](#)
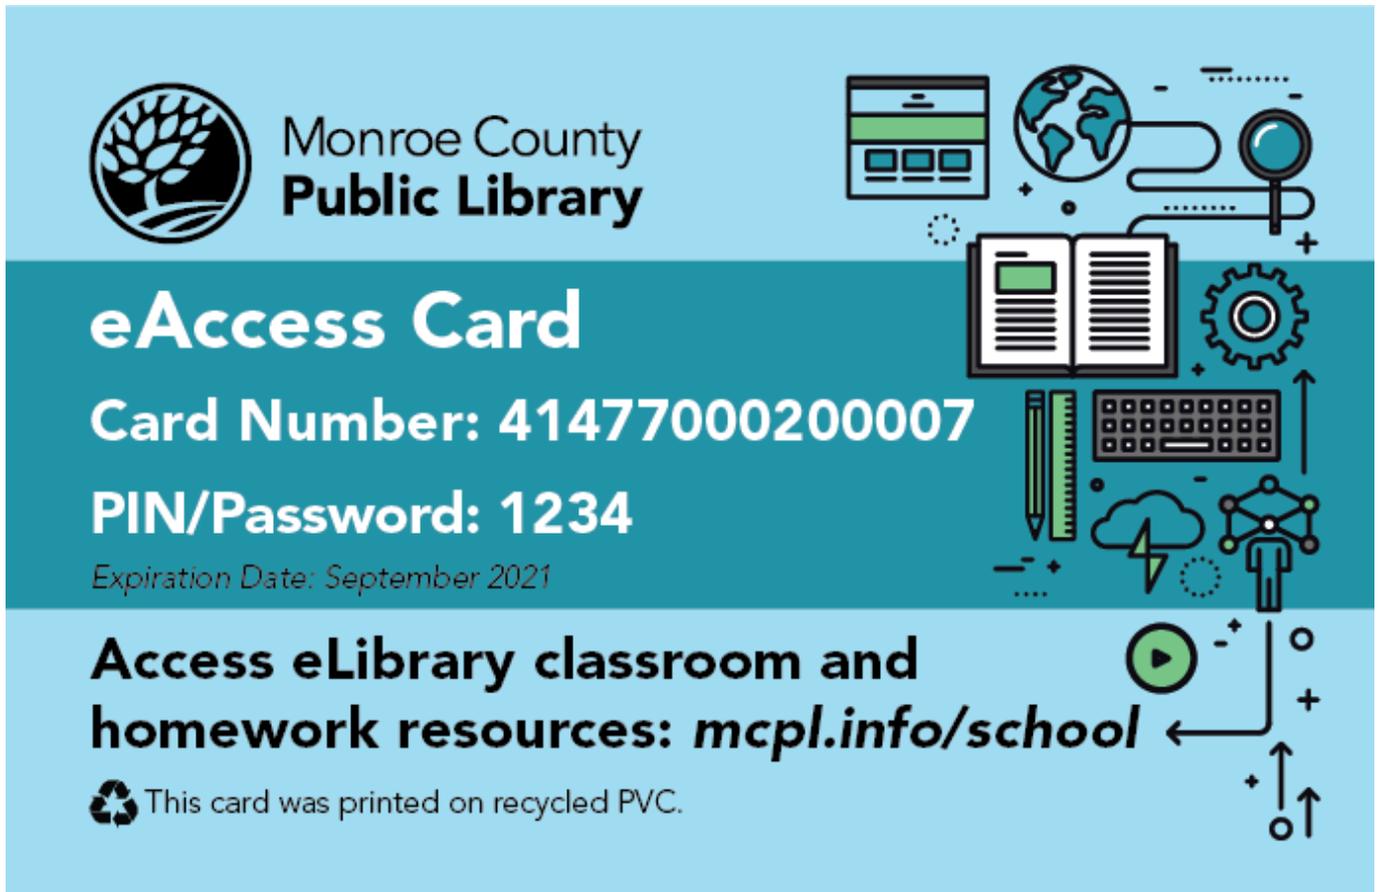

About

The Library's eAccess cards give students and teachers free access to top-quality online resources to use in the classroom, during virtual learning and homework, or for entertainment. eAccess cards can help establish an environment that makes concepts easier to understand while making lessons more entertaining.

Simply enter your card number to access resources when needed. The default password is "1234"—unique passwords may be created at [My Account](#). On occasions where a resource requires you to create an account using an email address, please note that you may choose to use any email address you desire, as long as it is not associated with a current physical library card.

eAccess Cards are good for one calendar year. New cards are distributed each August. Cards provide electronic resource access only, not the ability to check out physical items, so there are no returns to worry about. [Get a regular library card](#).

Grades K–6

From encyclopedias, eBooks, and information about world cultures, to animated picture books and audiobooks—outstanding, relevant resources are at your fingertips. The Library provides online resources for age-appropriate reading and reference materials. Access to text, video, audio, and animated picture books means different learning styles are accommodated. Some resources include translation features to support the needs of English-language learners.

Grades 7–12

You're not just preparing for graduation. You're preparing for college, the job market, and self-sufficiency. The high-quality reference and learning resources available through the Library allow you to learn the critical skills needed for living, learning, and working in the 21st century.
