

Staff Picks: Garvey's Choice

[view in catalog](#)

Reviewed by Alex G.

Garvey loves reading and singing, but he's a little awkward and doesn't have too many friends. Even at home, his family doesn't quite get him. To cope with his feelings, Garvey turns to food as a source of comfort.

But when his best friend encourages him to join choir, Garvey may finally have found a place to belong and shine.

Garvey's Choice is a beautifully written novel in verse. Nikki Grimes does a wonderful job of telling the story of a boy trying to relate to the people around him and the way she writes Garvey's attempts at a relationship with his father is so real and, at times, heartbreaking. The poetry format of this novel make it a quick read and a great reading suggestion for reluctant readers.

Try *Garvey's Choice* is you like moving realistic fiction.
