

## [Take and Make Activity Kits and Events](#)

Take and Make Kits are available for a variety of ages and come with instructions and all the essential components you'll need to complete a fun crafting project! Past kit examples include cross-stitch for adults, Halloween lanterns for teens, and pinecone winter owls for kids. The selection changes regularly, so there's always something new to craft!

Many kits are available on a grab-and-go, first-come, first-served basis. These are restocked daily and can be picked up at the Main Library, Ellettsville Branch, or [on the Bookmobile](#).

In addition to the grab-and-go kits, we also offer some Take and Make Kits by reservation. These particular kits are part of specific Library programs and are paired with an interactive Zoom event. You can find a list of these below!

Take and Make Kits are generously funded by the Friends of the Library Foundation, who provides critical support to makes programs like these possible. [Learn how to support the Friends of the Library Foundation](#).
