**Write a review of the book, including plot points, if you wish:**

Marie-Grace was born in New Orleans, but moving in after four years away is a bit of a struggle. It's hard to make new friends especially at school where she sees snobby, rich, high society Lavina and her followers almost every day. Nine-year-old Marie-Grace starts enrolling in music class where she meets Cecile, a free person of color. Then she receives an invitation to the Mardi Gras ball! She does a little swapping with Cecile and sees a whole new perspective.
